### Crossroads Spotlight

**Adina Murphy**

Adina Murphy is Crossroads' Office Manager. Adina joined Crossroads a year ago and is the heart of our day-to-day business operations. Adina moved to Texas from New York, and being of Puerto Rican decent, is one of three of Crossroads bilingual staff. ### Crossroads Welcomes New Interns

Crossroads is pleased to welcome 14 interns in 2009. This is the largest group ever for Crossroads and interns will be under the supervision of Bob Fine, Crossroads' clinical supervisors, and Meredith Marsh, Crossroads clinical director. The majority of interns are masters-level students and some are working on undergraduate degrees. Interns are an important part of Crossroads. They perform initial assessments, counsel clients under the direction of licensed clinical staff, help perform case management and office duties, and teach a variety of classes. We welcome these new interns and wish them the best of luck!
